

DNL Panel: Indigenous Led Research

Indigenous communities throughout Newfoundland and Labrador are leaders in climate change research, monitoring, policy, and adaptation. The purpose of this session is to celebrate and profile this leadership, while also demonstrating how researchers can support and amplify Indigenous-led environmental research.

DECARBONIZE
NEWFOUNDLAND
& LABRADOR

July 11-12, 2019: YYT

Panelists:

Amy Hudson
NunatuKavut Community
Council – Memorial University

Ian Sullivan
Qalipu First Nation

Dr. Max Liboiron
Memorial University

Jessica Penney
University of Glasgow

Session Facilitator:

Nick Mercer
University of Waterloo

Decarbonize NL will be held at the Signal Hill Campus of Memorial University on July 11 and 12, 2019. Our mission is to design an economy for NL whose greenhouse gas emissions have reduced 50% by 2030, and which has generated prosperity for all Newfoundlanders and Labradorians.
