

DNL Panel: Urban Planning and Buildings

Over half of Newfoundlanders & Labradorians live in metropolitan areas. What changes need to be made to how we plan urban areas and build buildings in order to get to zero emissions by 2050? How do we ensure affordability of housing while increasing energy efficiency? What is the path to decarbonization for commercial, institutional, and heritage buildings? Join us as we discuss these questions and more.

DECARBONIZE NEWFOUNDLAND & LABRADOR

July 11-12, 2019: YYT
